Engineering Physics | Eckerd College The Dual-Degree program is designed to permit a student to earn two college degrees in five years: one a liberal-arts degree from Eckerd College, the other an engineering degree from a cooperating university. The program can usually be completed in five years if the student is well-qualified upon entering Eckerd College as a freshman, and is willing and able to take five courses during one or more of his/her semesters at Eckerd College. Engineering and Applied Science Dual Degree - Eckerd College The student is then awarded degrees from both Eckerd College and the engineering school. The program is designed for an academically qualified student who is willing to work hard. While difficult, completing the program in five years is by no means impossible. Many students have done so and are practicing engineers today. The keys to success are being well-qualified on entering, making timely. Academics - Eckerd College Ever since Harvard opened its doors in 1636, liberal arts colleges like Eckerd have insisted that the best preparation for an uncertain future is a broad, liberal education.

Majors - Eckerd College We combine study, travel, research and internships to prepare you for anything. Index [[www.universityguideonline.org](http://www.universityguideonline.org)] Location. Located on 76 hectares of waterfront property, Eckerd College is a private, coeducational college of liberal arts and sciences with a diverse student body of 1,800 students from 47 states and 45 countries. Special Academic Offerings - Eckerd College Upon successful completion of the three-year portion of the program (requirements of grade point average vary somewhat) and recommendation of Eckerd College, a student is admitted to an engineering college, where the dual-degree requirements may normally be completed in two years. The student is then awarded degrees from both Eckerd College and the engineering school.
